

THE Beauty OF Juice PLUS[®]+

How Juice Plus[®] contributes to a
HEALTHIER SMILE

“Everyone knows about brushing and flossing,” says **Frank Eggleston, D.D.S.**, President of the American Academy of Restorative Dentistry. “But nutrition is just as important to good

dental health. Good nutrition helps you build a healthier mouth from the inside out—healthier bone, healthier nerves, and healthier gum tissue.”

How Juice Plus[®] contributes to
HEALTHIER SKIN

“We’ve seen the clinical data showing what Juice Plus[®] does inside the body,” says **Mitra Ray, Ph.D.**, a biochemist, lecturer, and co-author of *Do You Have the Guts to Be Beautiful?* (Shining

Star Publishing, 2009). “What is really exciting, though, is that as your inside becomes healthier, this eventually shows up in your skin as well.”

With 18 clinical studies published to date, Juice Plus[®] is known to do amazing things inside the body. Health professionals **Frank Eggleston, D.D.S.** and **Mitra Ray, Ph.D.** are touring the country to talk about what Juice Plus[®] can do to improve how you look on the outside, too.
